"Richmond, Va., Sept. 25, 1913.

"Mr. W. D. Duke, President of the Board of Directors, Y. M. C. A., Richmond, Va.:
"Dear Sir.—At a meeting of the committee of twenty held last evening the following resolutions were adopted:
"Whereas two members of our committee have been refused rooms in the Young Men's Christian Association dormitory by letter over the signature of the general secretary for no other reason than that they were members of our committee; and
"Whereas it has been the constant endeavor of our committee to conduct all efforts in a manner becoming Christian gentlemen, and in the true association spirit; therefore, be it
"Resolved, That the recent action of discrimination against our members is unjustified and reprehensible.
"Very truly yours,
"E. C. L. MILLER, Chairman,"
The letters referred to, refusing rooms to two members of the committee, were signed by Mr. McKee, and stated that they were written by direction of the board. Both men refused were formerly roomers in the building, and gave up their quarters during the summer, and were refused admission on their return to the city after their vacations.

The Former Hearing.

The Former Hearing.

At the former hearing, State Secretary Ackley presented comparative figures to show that the association here was not accomplishing as much for the amount expended as was being done in other cities of Richmond's size. A number of members expressed dissatisfaction with the McKee management, and were closely cross-examined by the board, one member of which was openly hissed when he characterized as sel-

benefits he would derive, not for what he could put into it.

The present board of directors of the Central Y. M. C. A. is constituted as follows: W. J. Whitehurst, C. B. Richardson, L. M. Williams, Davis Bottom, Jacob Umlauf, S. C. Mitchell, W. D. Duke, O. J. Of these the first six were elected at the annual meeting on June 10 for a period of three years, Henry W. Wood, also elected at that time, declined to serve. He has since stated his reasons of the National Master Bakers in Buffalo yesterday, after a brisk fight with five other cities. The successful termination of his efforts was announced last night in a telegram from W. T. Dahney, business manager of the Chamber of Comperce, who went to Buffalo to lend his persuasive eloquence to the efforts of the local bakers. It is one of the leading business organizations in the country, and will be among the largest conventions ever help here.

The victory of the local delegration.

Elighty-one volunteer firemen, members of Union Company, No. 3, of York, Pa., headed by the York City Band, of twenty pieces, invaded Richmond last night. The party arrived here at 9:20 oclock in a special train over the Chesapenke and Ohlo, Railway, from Newport, News and Portsmouth, where for three days they have been the guests of the cities and civic organizations. They will remain here until to-morrow morning when they will leave for Washington.

It was stated at the time of adjournment of the last hearing that some of the friends of General Secretary S. K. McKee desired to present his side of the case.

New interest was injected into the matter yesterday when the committee of insurgents, representing the 400 signors of a petition for the investigation, passed formal resolutions of protest against the recent action of the management in excluding two members of the committee from dormitory privileges.

Triging Jail Sentence.

This is the first accident since the county authorities announced their determination to urge jail sentences for those who violate the speed law. One speeder, a colored chauffeur, has been sentenced to serve ten days in the county jail for driving at a rate which a schrowledged was in excess of county jail for driving at a rate which he acknowledged was in excess of twenty miles an hour. He appealed from the magistrate's decision, and the case will be heard next week before Judge R. Carter Scott, in the Henrico Circuit Court. Archie K. Briggs has also appealed from a fine of \$200 for reckless driving.

The citizens of the county, particularly those living on the roads to the west of the city, are indignant at the total disregard shown by many automobilists, and have appealed to the authorities for relief.

In response to a request for an investigation of the matter, the super-intendent reported yesterday that there were two practical ways to correct the trouble. The first is to require the removal of feed wires from Broad Street to the pole line in the alley between Broad and Grace Streets. The second is to increase the height of the poles on Broad Street, so as to keep the wires clear of the trees. The problem will be further discussed at Tuesday's conference.

The board authorized the Superintendent of the Water Works to contract with the Childrey Company for a complete map of North Richmond, showing all water mains in the territory to be annexed, as well as their size. The map is to be drawn on a scale of 300 feet to the inch, and will cost \$187.50.

Superintendent Davis was directed by the board recently to report on a comprehensive plan for supplying water to the new territory on the north, which will become a part of the city when the annexation ordinance becomes law. The map is to aid him in this work.
